

# ABHUDAYA 25 - PRAGYAN LECTURE SERIES

---

## Event Overview

Pragyan Lecture Series is a formal knowledge-sharing session organized under **Engineering India – Abhudaya**, featuring expert speakers from academia, industry, and innovation domains to provide valuable insights to students.

---

## Objective

- To provide exposure to expert knowledge and experiences
  - To enhance academic and professional understanding
  - To promote analytical thinking and informed perspectives among students
- 

## Participation

- Participation is **individual**
  - The event is open to students from all engineering branches
- 

## General Instructions

- Participants must be present at the venue before the scheduled start time
  - Proper discipline and professional conduct must be maintained throughout the session
  - Interaction with the speaker is permitted only during the designated Q&A session
  - Use of mobile phones is discouraged unless required for note-taking or academic reference
  - Certificates will be issued subject to attendance and event guidelines
-
