

ABHYUDAYA 25 - YOUTH PARLIAMENT

Event Overview

Youth Parliament is a formal simulation-based event organized under **Engineering India – Abhudaya**, designed to provide students with a platform to understand parliamentary procedures, democratic values, and policy-oriented discussions through structured debate and dialogue.

Objective

- To promote awareness of parliamentary functioning and democratic processes
 - To enhance public speaking, critical thinking, and leadership skills
 - To encourage informed discussion on national and social issues
-

Participation

- Participation is **individual**
 - Open to students from all engineering branches
-

Rounds

Total Rounds: 2

Round 1: Screening Round

- All participants will be given specific topics and will be required to deliver a **2–3 minute speech** on the allotted topic.
- Based on their performance, **shortlisted candidates** will qualify to participate in the **actual Youth Parliament** round.

Round 2: Debate Session (Youth Parliament)

- Selected candidates will participate in a structured debate following Youth Parliament format
- Topics and rules will be communicated to shortlisted participants in advance.

General Instructions

- Participants must report on time for all rounds
 - Formal attire and professional conduct are mandatory during the debate session
 - Use of unfair means or misconduct will lead to immediate disqualification
 - The decision of the judges and organizing committee shall be final and binding
 - Participants must carry valid college ID cards
-

Judging Criteria

- Knowledge and understanding of the topic
 - Clarity of thought and content relevance
 - Communication skills and confidence
 - Adherence to parliamentary rules and decorum
 - Overall impact and presentation
-
